

Weatherization Contractors being sought

PUBLIC NOTICE:

The NKCAC Weatherization program is seeking Weatherization Private Contractors for Heat Systems and Hot Water repairs or replacements and Energy Conservation material installation. Applicants must have proficient carpentry and energy conservation material skills, and/or HVAC and Plumbing Licensure, as well as communication skills with clients. Applicants must comply with current codebooks and State Weatherization manuals.

Must be willing to travel and work throughout an 8 county designated service area in Northern Kentucky. Certificates of Insurance for General Liability and Comprehensive Coverage should meet minimum \$800,000. Master HVAC minimum Certificates of Insurance required in amount of \$500,000 for general liability and \$300,000 for property damage. C Application packets can be obtained by calling Kurt Krahn at (859) 581-6607
